5. Warranty Registration Card

If any items are missing, contact customer support immediately.

Charging the Device

To ensure optimal performance, charge your device before the first use. Follow these steps:

1. Locate the Charging Port: The charging port is usually situated at the base of the device.
2. Connect the Power Adapter: Plug the adapter into the charging port and the other end into a wall outlet.
3. Check the Indicator Light: A red light typically indicates that the device is charging. Once fully charged, the light will change to green.
4. Charging Time: Allow approximately 2-3 hours for a full charge.

Preparing for Use

1. Select an Attachment: Choose the appropriate massage head based on the muscle group you intend to target.
2. Attach the Head: Firmly push the attachment onto the device until it clicks into place.
3. Power On the Device: Press the power button to turn on the device.

Using the Power Percussion Device

The Sharper Image Power Percussion device offers a variety of settings and techniques for effective muscle relief. Understanding how to use the device can maximize its benefits.

Operating the Device

1. Choose Speed Setting: Cycle through the speed settings using the designated button. Start with a lower speed if you are new to percussive therapy.
2. Target Areas: Identify the muscle group you wish to massage. Common areas include:
 - Neck and Shoulders

- Back
- Arms
- Legs
- Feet

3. Apply Pressure: Gently press the device against the targeted area. Avoid using excessive force, as the percussion action will provide sufficient stimulation.

4. Duration: Limit each session to 1-2 minutes per muscle group to prevent overstimulation.

Recommended Techniques

- Long Strokes: For larger muscle groups like the back and thighs, use long strokes along the muscle fibers.
- Circular Motions: For smaller areas, such as the shoulders or arms, use circular motions to target knots and tension.
- Pulsing Technique: For deeper penetration, apply the device in a pulsing motion, pausing briefly at tight spots.

Maintenance and Care

Proper maintenance of your Sharper Image Power Percussion device will prolong its lifespan and ensure optimal performance.

Cleaning the Device

1. Power Off: Always turn off the device before cleaning.
2. Detach the Massage Head: Remove the attachment for thorough cleaning.
3. Wipe with a Damp Cloth: Use a soft, damp cloth to clean the exterior of the device. Avoid submerging it in water.
4. Clean Attachments: Wash the massage heads with warm, soapy water and rinse thoroughly. Allow them to dry before reattaching.

Storage Guidelines

- Store the device in a cool, dry place.
- Avoid exposure to extreme temperatures or moisture.
- Keep the device and its attachments in the original packaging or a dedicated storage container.

Safety Precautions

While the Sharper Image Power Percussion device is designed for safe use, adhering to certain precautions is essential:

1. Consult a Physician: If you have any medical conditions or are pregnant, consult a healthcare professional before use.
2. Avoid Sensitive Areas: Do not use the device on sensitive or injured areas, including open wounds or fractures.
3. Limit Usage: Avoid prolonged use on any one muscle group to prevent soreness.
4. Keep Out of Reach of Children: This device is not a toy and should be used only by adults or under adult supervision.
