

society of the first families of new york

Society of the First Families of New York is an esteemed organization that embodies the rich history and heritage of New York City, tracing its roots back to the early European settlers. Founded in the early 20th century, this society celebrates the lineage and contributions of families that have played significant roles in shaping the cultural, social, and political landscape of New York. The Society not only serves as a repository of historical knowledge but also fosters connections among descendants of these influential families, ensuring that their legacies continue to thrive in modern society.

Historical Background

The Origins of New York's Elite Families

The Society of the First Families of New York focuses on lineages that date back to the colonial period, specifically to the years before the American Revolution. Many of these families were among the first European settlers in the region, primarily from the Netherlands and England. Key families include:

- The Van Cortlandts
- The Schuylers
- The Livingstons
- The De Peysters

These families were instrumental in the development of New York City, engaging in trade, agriculture, and governance. Their contributions laid the groundwork for what would become one of the most significant urban centers in the world.

Founding of the Society

The Society was founded in 1908 to preserve and promote the history and heritage of these original New Yorkers. The founders aimed to create a network for descendants of these families, fostering a sense of community and shared identity. The Society serves as an archival body, collecting documents, artifacts, and stories that represent the lives and achievements of its members' ancestors.
