## Understanding Surplus Funds and Their Importance

Surplus funds refer to the excess money left over after a property has been sold at a foreclosure auction or tax sale, beyond what is owed on mortgages, taxes, and liens. These funds are often held by government agencies or courts, waiting to be claimed by the rightful owners or lienholders. Understanding surplus funds is crucial because millions of dollars remain unclaimed every year, presenting a significant opportunity for those who know how to locate and recover them.

## What Are Surplus Funds?

Surplus funds, also known as excess proceeds or overage, occur when the sale price of a foreclosed or tax-defaulted property exceeds the total debts

secured by that property. The difference is then held by the county or municipality until claims are submitted. These funds can come from various sources including tax sales, foreclosure sales, or estate settlements.

## **Why Surplus Funds Matter**

Surplus funds represent a hidden source of financial gain that many individuals, investors, and companies overlook. Recovering these funds can provide a substantial boost to personal or business finances without the need for traditional investment risks. Additionally, surplus funds recovery helps return money to rightful owners, ensuring financial justice and fairness.
