- Exploration of alternate timelines
- Understanding the impact of decisions on reality

3. Higher Dimensions

The Omniverse includes higher dimensions beyond the three-dimensional space we perceive. These higher dimensions may contain:

- Additional physical properties
- Different forms of consciousness
- New ways of interacting with reality

4. Extraterrestrial and Interdimensional Beings

Webre's work also addresses the existence of various beings that inhabit the Omniverse. These may include:

- Extraterrestrial civilizations
- Interdimensional entities
- Consciousness-based life forms
