When you receive your Varidesk Pro 36, follow these steps to unbox it safely.

2.1 What's Included

- Varidesk Pro 36 unit
- User manual
- Safety and warranty information

2.2 Unboxing Steps

1. Choose a Clean Area: Make sure you have enough space to unpack the desk converter.
2. Remove Packaging: Carefully remove the Varidesk Pro 36 from the box, ensuring not to damage the unit.
3. Inspect for Damage: Check for any visible damage from shipping. If you find any issues, contact customer support immediately.

3. Setting Up Your Varidesk Pro 36

Setting up your Varidesk Pro 36 is straightforward and can be done in just a few minutes.

3.1 Placement of the Desk Converter

- Choose Your Desk: Place the Varidesk Pro 36 on a stable, flat surface. Ensure your existing desk can support the weight of the converter and any equipment you plan to place on it.
- Consider Workspace: Make sure there is enough clearance for the height adjustments, especially if you have overhead storage.

3.2 Height Adjustment Mechanism

The Varidesk Pro 36 features a spring-loaded lifting mechanism for easy height adjustments.

1. Stand in Front: Position yourself in front of the desk converter.
2. Lift the Handle: Locate the handle on the side of the unit and pull it up.
3. Adjust Height: While holding the handle, lift or lower the desk converter to your desired height.
4. Release the Handle: Once at the desired height, release the handle to lock it in place.

3.3 Setting Up Your Workstation

- Monitor Placement: Position monitors at eye level to avoid neck strain. The top of the monitor screen should be at or just below eye level.
- Keyboard and Mouse Position: Place your keyboard and mouse at a height where your elbows are at a 90-degree angle.

- Organize Cables: Use the integrated cable management system to keep your workspace tidy.

4. Using Your Varidesk Pro 36

Once set up, you can begin using your Varidesk Pro 36 effectively.

4.1 Transitioning Between Sitting and Standing

- Start Slowly: If you're new to standing desks, begin by standing for short periods and gradually increase as you become more comfortable.
- Alternate Positions: Aim to switch between sitting and standing every 30 to 60 minutes to maintain energy levels and reduce fatigue.
- Listen to Your Body: Pay attention to how your body feels. If you experience discomfort, adjust your position or take a break.

4.2 Ergonomic Tips for Standing Desk Users

- Footwear: Wear supportive shoes to reduce fatigue in your feet and legs.
- Anti-Fatigue Mat: Consider using an anti-fatigue mat to provide cushioning while standing.
- Posture: Maintain a neutral spine and avoid slouching. Keep your shoulders relaxed and elbows close to your body.

5. Maintenance and Care

To ensure your Varidesk Pro 36 remains in optimal condition, follow these maintenance tips.

5.1 Regular Cleaning

- Wipe Down the Surface: Use a damp cloth to clean the surface regularly to remove dust and grime.
- Avoid Harsh Chemicals: Steer clear of abrasive cleaners that can damage the laminate finish.

5.2 Checking for Wear and Tear

- Inspect Mechanisms: Periodically check the height adjustment mechanism for smooth operation.
- Tighten Loose Screws: Ensure all screws and fasteners are tight to prevent wobbling.

5.3 Warranty and Support

- Warranty Information: Familiarize yourself with the warranty details provided in the user manual.
- Customer Support: If you encounter any issues, contact Varidesk customer support for assistance.
