Ingredients for Vegan Carrot Soup

To make a delicious vegan carrot soup, you will need the following ingredients:

- 4 cups of carrots, peeled and chopped
- 1 medium onion, chopped
- 2 cloves of garlic, minced
- 1 tablespoon of olive oil

- 4 cups of vegetable broth
- 1 teaspoon of ground cumin
- 1/2 teaspoon of ground ginger
- Salt and pepper to taste
- 1 tablespoon of lemon juice (optional, for brightness)
- Fresh herbs for garnish (such as cilantro or parsley)

Step-by-Step Instructions

Now that you have your ingredients ready, follow these simple steps to create your vegan carrot soup:

Step 1: Prepare the Vegetables

1. Start by peeling and chopping the carrots into small pieces. This will help them cook evenly and quickly.
2. Chop the onion and mince the garlic.

Step 2: Sauté the Aromatics

1. In a large pot, heat the olive oil over medium heat.
2. Add the chopped onion and sauté for about 5 minutes, or until the onion becomes translucent.
3. Stir in the minced garlic and cook for an additional minute, being careful not to burn it.

Step 3: Cook the Carrots

1. Add the chopped carrots to the pot and stir well to combine with the onions and garlic.
2. Sprinkle in the ground cumin and ground ginger, stirring to coat the carrots evenly with the spices.
3. Pour in the vegetable broth, ensuring that the carrots are fully submerged. Bring the mixture to a boil.

Step 4: Simmer

1. Once boiling, reduce the heat to low and cover the pot. Let the soup simmer for about 20-25

minutes, or until the carrots are tender and easily pierced with a fork.

Step 5: Blend the Soup

1. After the carrots are cooked, remove the pot from heat. Using an immersion blender, blend the soup until smooth and creamy. If you don't have an immersion blender, you can transfer the soup in batches to a countertop blender.
2. Be cautious when blending hot liquids; allow the steam to escape, and don't overfill the blender.

Step 6: Season and Serve

1. Return the blended soup to the pot, and stir in the lemon juice (if using) along with salt and pepper to taste.
2. Heat the soup again briefly if necessary, and then ladle it into bowls.
3. Garnish with fresh herbs before serving.
