2. Clean the Area: Physically clean the space and clear it of clutter to create a peaceful atmosphere.
3. Set the Mood: Dim the lights, play soft music, or burn incense to enhance the ambiance.
4. Create an Altar: If you have a small table, consider setting it up as an altar with meaningful items such as crystals, symbols of love, or photos that reflect your intentions.

Step-by-Step Instructions for Using the "Ven a Mi" Candle

Once you have gathered your supplies and prepared your space, it's time to perform the ritual.

1. Ground Yourself

Before beginning, take a moment to ground yourself. Close your eyes and take several deep breaths. Focus on your intention, allowing it to fill your mind and heart.

2. Anoint the Candle

Using your anointing oil, start from the middle of the candle and move upwards towards the wick, then downwards towards the base. This motion helps draw the desired energy toward you. As you anoint the candle, say a few affirmations or prayers that resonate with your intention.

3. Write Your Intention

On a piece of paper, write down your intention clearly. For example, you might write, "I attract love and companionship into my life." Fold the paper and place it under the candle holder.

4. Arrange the Herbs

Sprinkle the herbs around the candle. As you do this, visualize the energy of the herbs enhancing your intention and attracting what you desire.

5. Light the Candle

With a match or lighter, carefully light the wick of the candle. As the flame ignites, focus your energy on your intention, visualizing it coming to fruition.

6. Meditate on Your Intention

Spend a few moments in meditation, focusing on the candle flame and your intention. Imagine the energy flowing toward you, bringing the desired results into your life.

7. Allow the Candle to Burn

Let the candle burn for at least one hour, or until it has completely burned down. If you need to extinguish it before it finishes, use a candle snuffer rather than blowing it out, as this can disrupt the energy.

After the Ritual

Once your candle has burned down completely, take time to reflect on the experience.

1. Dispose of the Remains

You can bury the remnants of the candle and herbs in your garden or a potted plant, symbolizing the growth of your intentions. Alternatively, you can dispose of them in running water, allowing your intentions to flow into the universe.

2. Keep the Paper

Store the paper with your written intention in a special place, such as a journal or a box of meaningful items. This serves as a reminder of your desire and the work you put into achieving it.

3. Express Gratitude

Always take a moment to express gratitude for the energies that you have worked with. Thank the universe, your guides, or any deities you believe in for their assistance.
