Product Overview and Features

The We-Vibe 4 Plus is a premium couples vibrator designed to provide simultaneous internal and external stimulation. It is crafted from body-safe silicone, making it safe and comfortable for intimate use. This device features a flexible C-shaped design that fits comfortably between partners during intercourse, enhancing pleasure for both. The We-Vibe 4 Plus offers multiple vibration modes and intensity levels, allowing users to customize their experience. It is equipped with quiet motors and is waterproof, enabling use in various settings and simplifying cleaning.

Key Features

The We-Vibe 4 Plus includes a range of advanced features that distinguish it from other couples vibrators. These features are summarized below:

- **Bluetooth Connectivity:** Enables remote control via the We-Connect app.
- **Customizable Vibration Patterns:** Multiple preset modes and the ability to create personalized vibrations.
- **Whisper-Quiet Motors:** Designed for discreet use.
- **Ergonomic and Flexible Design:** Fits comfortably for various body types and positions.
- **Waterproof Construction:** Safe for use in water and easy to clean.
- **USB Rechargeable Battery:** Provides long-lasting playtime with convenient charging.

Setup and Charging Instructions

Proper setup and charging are crucial steps for optimal performance of the We-Vibe 4 Plus. This section of the manual outlines the initial procedures to prepare the device for use.

Initial Setup

Before first use, it is recommended to fully charge the device. Remove the We-Vibe 4 Plus from any packaging and inspect it for any damage. Ensure the device is clean and dry. Locate the magnetic charging cable and connect it to a USB power source.

Charging Process

The We-Vibe 4 Plus features a magnetic charging port that aligns easily with the provided charger. When connected correctly, a small LED indicator will light up, signaling that charging is in progress. Charging typically takes approximately 2 hours for a full charge, which provides up to 2 hours of continuous use. It is advisable to avoid using the device while charging to prevent damage and ensure safety.

Operating the We-Vibe 4 Plus

Understanding how to operate the We-Vibe 4 Plus is essential for a pleasurable and safe experience. The device offers manual controls as well as app-based functionality.

Manual Controls

The We-Vibe 4 Plus includes physical buttons located on the device for direct control without the app. The main controls include:

- **Power Button:** Press and hold for 3 seconds to turn the device on or off.
- **Mode Button:** Press to cycle through preset vibration patterns.
- **Intensity Buttons:** Adjust vibration strength up or down within each mode.

Users can experiment with different modes and intensities to find their preferred settings.

Battery Life and Indicators

The device includes LED indicators that provide information on battery status and operational mode. A blinking light may indicate low battery, prompting a recharge. When fully charged, the LED will display a solid light. Regular charging after use helps maintain battery health and device longevity.

Using the We-Connect App

The We-Vibe 4 Plus can connect to the We-Connect app, offering enhanced control and interactivity. This feature is especially useful for couples in long-distance relationships or those seeking customizable experiences.

App Installation and Pairing

The app is available for download on both iOS and Android devices. After installing, users must activate Bluetooth on their smartphone and pair the We-Vibe 4 Plus by following the in-app instructions. Successful pairing enables remote control and access to advanced features.

App Features and Benefits

The We-Connect app provides several functionalities beyond manual control:

- **Custom Vibration Creation:** Users can design unique vibration patterns tailored to their preferences.
- **Remote Control:** Partners can control the device from any distance, enhancing intimacy.

- **Sound Activation:** Vibration intensity can synchronize with ambient sounds or music.
- **Secure and Private:** The app uses encrypted connections to protect user privacy.

Cleaning and Maintenance

Proper cleaning and maintenance of the We-Vibe 4 Plus are critical to ensure hygiene, device performance, and durability. This section provides detailed care instructions.

Cleaning Instructions

After each use, the device should be thoroughly cleaned. The We-Vibe 4 Plus is waterproof, allowing it to be rinsed under warm water with mild, unscented soap. Avoid using harsh chemicals or abrasive materials that could damage the silicone surface. After washing, dry the device with a clean towel or allow it to air dry completely before storing.

Storage Guidelines

Store the vibrator in a cool, dry place away from direct sunlight. It is recommended to keep the device in its original storage pouch or a dedicated container to prevent dust accumulation and damage. Avoid contact with other silicone products to prevent material degradation.

Troubleshooting and Safety Tips

This section addresses common issues users may encounter with the We-Vibe 4 Plus and provides safety recommendations to ensure optimal and secure usage.

Common Troubleshooting

Some typical problems and solutions include:

1. **Device Not Turning On:** Ensure the device is fully charged and the power button is pressed correctly.
2. **Bluetooth Connection Issues:** Restart the device and smartphone, ensure Bluetooth is enabled, and try re-pairing via the app.

3. **Short Battery Life:** Fully charge the device before use and avoid overcharging to preserve battery health.
4. **Vibration Interruptions:** Check for debris in the charging port and clean as necessary.

Safety Precautions

Users should adhere to the following safety guidelines when using the We-Vibe 4 Plus:

- Do not use the device if there are any signs of damage or malfunction.
- Avoid sharing the device with others to prevent the risk of infections.
- Use only water-based lubricants to avoid damaging the silicone material.
- Do not use the vibrator while charging to prevent electrical hazards.
- Consult a healthcare professional if any discomfort or adverse reactions occur.

Warranty and Customer Support

The We-Vibe 4 Plus comes with a manufacturer's warranty that covers defects in materials and workmanship under normal use. It is important to register the product after purchase to activate the warranty and receive updates. Customer support services are available to assist with any questions or issues related to the device. Users should keep their purchase receipt and product information handy when contacting support for faster assistance.

Frequently Asked Questions

Where can I find the We-Vibe 4 Plus manual?

You can find the We-Vibe 4 Plus manual on the official We-Vibe website under the support or downloads section, or it may be included as a physical booklet in the product packaging.

How do I pair the We-Vibe 4 Plus with the app using

the manual?

According to the We-Vibe 4 Plus manual, to pair the device with the app, turn on the vibrator, enable Bluetooth on your smartphone, open the We-Vibe app, and follow the on-screen instructions to connect your device.

What are the charging instructions for the We-Vibe 4 Plus in the manual?

The manual advises to fully charge the We-Vibe 4 Plus before first use using the provided USB charging cable. Charging typically takes about 1.5 hours, and the device should be charged in a dry environment.

How do I clean the We-Vibe 4 Plus according to the manual?

The manual recommends cleaning the We-Vibe 4 Plus with warm water and mild soap or a toy cleaner. Ensure the device is turned off and avoid submerging the charging port in water.

What safety precautions are mentioned in the We-Vibe 4 Plus manual?

The manual highlights safety tips such as not using the device if damaged, avoiding contact with eyes or broken skin, not sharing the device without proper cleaning, and storing it in a cool, dry place.

How do I reset the We-Vibe 4 Plus as per the manual instructions?

To reset the We-Vibe 4 Plus, the manual instructs to press and hold the power button for about 10 seconds until the device vibrates, indicating it has been reset to factory settings.

Does the We-Vibe 4 Plus manual explain how to use the dual motor features?

Yes, the manual explains that the We-Vibe 4 Plus has dual motors that can be controlled independently via the app, allowing customized vibration patterns and intensity for both internal and external stimulation.

What troubleshooting tips does the We-Vibe 4 Plus manual provide?

The manual suggests troubleshooting steps such as ensuring the device is fully charged, restarting the device and app, checking Bluetooth connectivity, and contacting customer support if problems persist.
